AMBITIONS+

CAREERS EVENT FOR STUDENTS & PARENTS

For young people, the process of making education, training and employment decisions for the future is becoming increasingly complex. Not only is there an increasing range of possible choices, but rapidly changing economic circumstances are having a significant impact too.

We believe that up-to-date and high quality information is the key to effective decision-making. In order to give young people at the school an opportunity to get first hand information from employers, universities, colleges and training providers, we are supporting the Ambitions+ careers event that is being jointly organised by the Concorde and Kingswood Partnerships (15 schools in South Gloucestershire).

The AMBITIONS+ event is open to all students and parents in Years 10 to 13 and will take place at the University of the West of England Exhibition & Conference Centre on THURSDAY 1 MARCH between 4.30 and 8.00 pm. The aim of the event is to help young people make good decisions about what to do when they finish school.

We are enclosing an information sheet that provides further information and details of the event location. Additional information about the event can be accessed from the Kingswood Partnership website - www.kingswoodpartnership.org.uk.

Ambitions+ is an excellent opportunity to talk directly to employers, and representatives of universities, colleges, training providers and voluntary sector organisations. It will be an invaluable opportunity for young people and parents to access information, advice and guidance that could prove crucial to making effective decisions about future courses and career directions.

More than 100 different organisations are supporting the Ambitions+ event - we do hope you will be able to come and take advantage of this fantastic and unique opportunity.
